Fort.St.George, M a d r a s.

RC.NO. 7833/50 X.4 dated: 3-2-50.

10097 B1

Sub: PROHIBITION--Amelioration--Bellary Milk Supply Society--Special Staff- Sanctioned--Further continuance - Requested.

Ref:- G.O.Ms.No.4470 Dev. dated 2-9-49. Hy 7-8 cf 48 (2)

In their order cited, Government were pleased to sanction the retention of a Junior Inspector of Cooperative Societies at Government cost, for a period of 6 months from 28-8-49 for the supervision of the Bellary milk supply society. The sanction for the retention of the Junior Inspector will expire on 27-2-50 afternoon.

2. The Bellary milk supply society has, in recent months, made good progress both in the direction of increasing its membership and in the production and sale of milk as may be seen from the figures given below:--

	In July 1949	In December 1949
1. Number of members.	59	71
2. Paid up Share Capital. Rs.	690/-	Rs. 785/-
3. Production of milk during the month.	7880 lbs.	13,253 lbs.
4. Sale of milk during the month.	7880 "	13,253 "

The society has obtained a contract for the supply of milk to the Junior Certified School and to the Judicial Canteen at Bellary, besides distributing milk to a good number of individual customers all over the towns It is also trying to obtain similar contracts for supply of milk to the Central Jail and the Headquarters Hospital at Bellary for the year 1950-51 . The Special Development Officer is considering the formation of one or more primary milk supply societies in and around the Bellary town with a view to organise a milk supply union at Bellary, if possible. In order to carry

contd.....

out these items of work and at the same time to make the existing society self supporting, it is necessary that the Junior Inspector superivising the society should continue to do so for at least a year from 27-2-50.

3. The society has now agreed to meet 25 % of the cost of the Junior Inspector for a year, the remaining 75 % of the cost being met by Government. The Special Development Officer reports that as the society has to maintain a clerk and a number of vendors at its own cost and also to pay rent for building etc, it can hardly meet more than 25 % of the cost of the Junior Inspector. The cost of Government on account of the proposal comes to Rs.710-0-0 as shown below.

75 % of the cost of the Junior Inspector; $\frac{3 \times \text{Rs.}78\text{-}14\text{-}3 \text{ p.m.} \times 12 \text{ months.}}{4}$ = 9 7

= Rs. 710-0-0.

4. I request that Government may be pleased to sanction the retantion of the post of the Junior Inspector for the supervision of the society, for a further period of one year from 27-2-50 and to meet 75 % of the cost thereof.

(2) Government memorandum No. 10097 B.II/50-1 dated 16-2-50. Para 3 above

---

In my letter cited, I submitted proposals for the retention of a Junior Inspector for the supervision of the Bellary Milk supply society for a further period of one year and to meet 75% of the cost there-of. The particulars called for in the Government memorandum cited have been called for from the Special Development Officer, Bellary, and they will be furnished to Government on receipt from him. As the sanction of the Junior Inspector expires on 27-2-50, afternoon, I am instructing the Special Development Officer to continue the Junior Inspector beyond that date in anticipation of Government orders. I request that my action may be approved.

DEVELOPMENT DEPARTMENT B.II

Memorandum No. 10097 BII/50 dt. 22.3.50

Sub:- Establishment of Cooperative Societies- The Bellary Milk Supply Society- Junior Inspector- Continuance.

REF:- Letter from the R.C.S. Rc.7833/50-X.4, dated 11-3-50.

It is observed from the profit and loss statement of the Bellary Milk Supply Society that the Society has earned a net profit of Rs.1113-7-0 till 15-2-1950. The profit and loss statement as on 31-7-49 submitted with the Registrar's letter No.Rc.91593/49-X.4, dated 17-8-49 showed a net profit of Rs.114-14-0. The net profit earned by the Society during the period 1-8-49 to 15-2-50 comes to Rs.998-9-0. This works out to an average net profit of Rs.153-10-0 p.m. The society's income may increase further if it develops its business as stated in para. 2 of the Registrar's letter No.7833/50-X.4, dated 3-2-1950. In the circumstances, the Registrar is requested to state why the entire cost of the Junior Inspector should not be recovered from the Society for the period of further retention now proposed.

Sir,

Sub:- Bellary Milk Supply Society - Special Staff - sanctioned - Continuance of.

Ref:- Government Memorandum No.10097 B.II/50-4 dated 22-3-1950. 13 above

FIRST ASST. SECRETARY TO GOVERNMENT
9 MAY 1950
DEVELOPMENT DEPARTMENT

--:--

It is true that the Bellary Milk Supply Society has earned profits as stated in the Government memo cited. But this was due to the efforts of the departmental Inspector, working in the society and the entire profit earned cannot be utilised for meeting his cost. The Society is only in the second year of its working with practically no reserves. It is just coming up and unless it builds up sufficient reserves from now by setting apart a portion of its profits towards reserve, it may not survive in the lean years and meet any unforseen losses that may arise. The members of the society have subscribed a share capital of Rs.830/- and they will have to be given a udividend without which it will not be possible to infuse confidence among them and keep up their enthusiasm. In addition to meeting the cost of the Junior Inspector it has to meet other establishment and contingent charges. During March 1950; it purchased and sold milk for Rs.4246/- and Rs.4752/- respectively, leaving a margin of Rs.506/-. The expenditure of the society for the month was Rs.396-4-3 as detailed below:-

1. Sales tax	...	Rs. 74	4	3
2. Postage	...	" 4	0	0
3. Establishment charges	...	" 290	0	0
4. Rent	...	" 18	0	0
5. Printing books and forms proportionately.	...	" 10	0	0
		Rs.396	4	3

During the month milk valued at Rs.5/- got spoiled and depreciation in the value of the furniture was estimated at Rs.10/-. Besides these, there are other sundry expenses to be met by the society. Taking the above income and expenditure as the normal, the society is left with a net profit of only Rs.95/-per month. The cost of a Junior Inspector under Fundamental Rule 127 is Rs.127-12-2 (including leave salary and pensionary contribution) and a sum of Rs.1533-2-0 will have to be recovered from the society if it has to meet the entire cost of the Junior Inspector for a year. It may be seen that in its present financial condition, it will not be possible for the society to meet the entire cost of the Junior Inspector. It has, however, with some difficulty agreed to meet 50% of the cost of the Inspector which comes to Rs.766-9-0 per annum. A copy of the resolution of the Board of Directors of the society in this behalf is enclosed.

2. Bellary being one of the Rayalaseema Districts in whose development Government are very particular, the continuance of the Junior Inspector in the society will greatly enable it to strengthen itself and serve the needs of the public. I therefore request that Government may be pleased to sanction the continuence of the Junior Inspector working in the Bellary Milk Supply Society, for a period of one year from 27-2-1950, fifty percent of the cost being met by the society and the balance by Government.

I request early orders.

For Registrar.

Resolution passed by the Bellary milk supply society at its meeting held by its Directors on 20.4.50

8/5/50

The society's monthly income is Rs 500/- p.m. against its expenditure amounting to Rs. 429-00 as detailed at 'x' above. Savings is only Rs. 71/- p.m. As per the Inspector comes to Rs. 127-12-2. As per the society can meet only 50% of the supply which is Rs. 63-14-1 and this leave a balance of Rs. 7/- only with them. It is therefore resolved to apply to Registrar to ...
